Earl Grey
Children's Centre

Greetings

By Diana Metrik,
Assistant Director

Hello everyone,
The summer is here. We are enjoying sunny days and warm weather. This month the children will be busy exploring nature, going to Tinker town, farm, fringe festival, Glow golf, etc.
Also, in the month of August the staff will continue implementing different activities to promote multicultural awareness and self-esteem.

Announcements

We would like to welcome Ms. A. to our school age program. Ms. A. will be working July and August at our Centre.
We are looking forward to a lot of fun, field trips, entertainment and more.
We are very pleased to announce that Earl Grey Children's Centre is expanding!!! We are opening another School age room for 15 children. The work is in the process. We will keep you informed of anything that happens.

Just a friendly reminder for all parents:

Late fees of \$1.00 per day will be charged on all over due accounts.

As always, please feel free to stop by the office or talk to our staff if you have any concerns and questions about your child.

Thank you and have a safe and wonderful summer!

SUNSCREEN FACTS

Sunscreens are barriers which are applied to the skin. They work by absorbing or reflecting the sun's UV rays away from your skin. Sunscreens come in a wide variety of forms - creams, lotions, sprays, gels and sticks - and there are many brands to choose from. Sunscreens should not be used to extend the amount of time you would usually spend in the sun. Sunscreens should be used with other forms of sun protection, such as hats and clothing, to protect you as much as possible. You should apply sunscreen generously and evenly about 30 minutes before sun exposure to allow the active ingredients to bond to your skin. A second application 20 minutes later will maximize the protection from your sunscreen. Reapply every two hours or after swimming or sweating a lot.
